

Colton service center

Sulzer is a global partner delivering reliable and sustainable solutions for your key applications. We offer repair and maintenance services from a single access point for electric motors, generators, turbines, compressors and pumps. By operating one of the largest service networks in the industry, we are close to our customers with more than 100 production and service locations worldwide.

Resources and facilities

Sulzer's comprehensive electromechanical service center in Colton, California, offers extensive services, from repairs, maintenance and upgrades of electric motors, generators, turbines, components and accessories to custom build and installation of electric control panel systems. This service center is also an authorized new motor distributor for many leading OEMs.

With a strong focus on quality, Sulzer offers turnkey solution to reduce downtime and maintenance costs. Projects are completed by a highly experienced staff of engineers, project managers, sales managers, and technicians combined with a crew of dedicated craftsmen.

- Banding lathe
- PdMA tester
- 24,000 lb. balance machine
- Engine and turning lathes
- Vertical boring mills
- Horizontal boring mill
- 100-ton vertical press

The service portfolio for your mechanical equipment

- Gearboxes
- Pumps
- Blowers and fans

Field services

- Motor and generator on-site evaluation and testing
- Optical laser alignment
- CSI 2140 vibration data collection and analysis
- AC/DC troubleshooting
- Equipment removal and installation

About Sulzer

Through a network of over 100 service sites around the world, Sulzer provides cutting-edge parts as well as maintenance and repair solutions for pumps, turbines, compressors, motors and generators. We service our own original equipment, but also all associated third-party rotating equipment run by our customers, maximizing its sustainability and life cycle cost-effectiveness. Our technology-based solutions, fast execution and expertise in complex maintenance projects are available at our customers' doorsteps.
