

Vadodara Service Centre

With an extensive network of service centers globally, Sulzer is your ideal local service partner in India. We deliver customized solutions that maintain your rotating equipment, pumping processes and operations in response to today's challenges. In India, you are supported by a network of two service centers located in Vadodara and Mumbai.

In view of rising demand for rotating equipment services, Sulzer has invested a new state-of-the-art facility in Vadodara. The facility supports key industries such as Oil & Gas, Power generation, fertilizer, sugar manufacturing and more, that are in close proximity within the region.
